

## TFA9005 INSTALLATION INSTRUCTIONS

Please read carefully and save these instructions, as you may need them at a later date.

### CAUTION

**WARNING:** Risk of Fire. Consult a qualified electrician to ensure correct branch circuit conductor. Min 90°C supply conductors.

Turn off the main power at the circuit breaker before installing the fixture, in order to prevent possible shock.

### GENERAL

All electrical connections must be in accordance with local and National Electrical Code (N.E.C.) standards. If you are unfamiliar with proper electrical wiring connections obtain the services of a qualified electrician.

Remove the fixture and the mounting package from the box and make sure that no parts are missing by referencing the illustrations on the installation instructions.

### ASSEMBLY AND INSTALLATION

- Carefully unpack all parts from cartons.
- Place the lamp base (D) on a flat surface.
- Thread the Screw(B) up through the Washer(C) and Marble base(D) into the Joint(E) and secure with the tool(A) until tight.
- Place the Tube(H) into the Tube(F) and fasten the Nut(G) until tight.
- Place the Tube(J) into the Tube(H) and fasten the Nut(I) until tight.
- Place the Shade(L) and the Shade(M) over the Socket(K) and secure with Ring(M) until tight.
- Install light bulb(not included) into the socket(K).

DO NOT USE BARE HANDS TO TOUCH THE BULB.

INSTALLATION IS NOW COMPLETE
