6 Light Semi-Flush

Unique and contemporary, this eye-catching design masterfully marries creativity with function. Distinctive details on sculpted metal rings combine with thick beveled diffusers for an industrial-inspired design that demands a second look. The family is offered in two finishes with different appeals. The black finish has aged brass accents for a refined, two-tone aesthetic, while the chrome is more modern. The collection uses medium base bulbs. Easily customize the height of the fixture to suit your application.

Fixture Finish:	Black	
Glass/Shade Finish:	Clear Glass Diffuser Lens
